

**Unlock Endless Possibilities
with Our Revolutionary
Multi-Purpose Machine!**

About Us

As a leading manufacturer and exporter of Envelope & Carton Window machinery, we boast over 15 years of experience in the industry. Our extensive product range encompasses 8-10 categories, including:

- Automatic Envelope Window Film Pasting/Patching Machine
- Automatic Carton Window Film Pasting/Patching Machine
- Semi-automatic Envelope Pasting/Patching Machines
- Automatic Envelope Making Machine
- Envelope Cutting Machine
- Strip Gumming Machine
- Liner Pasting Machine

Our Machines

Designed for large and medium-size envelope & carton production, our machines offer:

- High efficiency
- Stable function
- Easy operation
- Quick adjustment
- Space-saving design

Quality and Customization

We use supreme quality spare parts from trusted vendors to manufacture our machines. Our products are available in varied specifications and sizes to cater to diverse client needs. We also offer customization options to meet specific requirements.

Services

Our comprehensive services include:

- Installation
- Testing
- Maintenance
- After-sales Support
- Technical Guidance

Why Choose Us?

We prioritize customer satisfaction through continuous technological improvements and performance enhancements. Our team is dedicated to providing top-notch window patching machines for the Envelope & Carton industries.

We can customised the machine as per your requirements, please feel free to let us know your design of carton or envelope.

Pocket Envelope Machine

Introducing the latest innovation in envelope production technology. Building on the success of its predecessor, this machine boasts significant enhancements, making it an ideal solution for pocket envelope manufacturing. Its user-friendly design ensures effortless and reliable operation.

Equipped with advanced features, including:

- Paper feed system • First and second transverse fold with grid
- Gumming unit • Creasing and longitudinal fold mechanisms
- Counter and envelope collection system

This machine guarantees exceptional production quality, setting a new standard in envelope manufacturing.

Model: JE 30

TECHNICAL SPECIFICATIONS:

Max. working speed:	30000pcs/hour
Thickness of paper:	55 to 250 GSM
Size Maximum:	5/11 inches
Size Minimum:	2/2 inches
Power of motor:	1.1KW
Power of Vacuum pump:	3KW
Weight of machine:	1000KG
Overall dimension:	1500*900*1450mm (L*W*H)
Packing size :	1540*980*1540mm (L*W*H)
Net weight:	1000KG
HSN code:	84412000

Model: JE 50

TECHNICAL SPECIFICATIONS:

Max. working speed:	12000pcs/hour
Thickness of paper:	60 to 250 GSM
Size Maximum:	12/18 inches
Size Minimum:	6/5 inches
Power of motor:	5.5KW
Power of Vacuum pump:	3KW
Weight of machine:	2000KG
Overall dimension:	2500*1100*1500mm (L*W*H)
Packing size :	2540*1180*1540mm (L*W*H)
Net weight:	2000KG
HSN code:	84412000

Envelope Making Machine

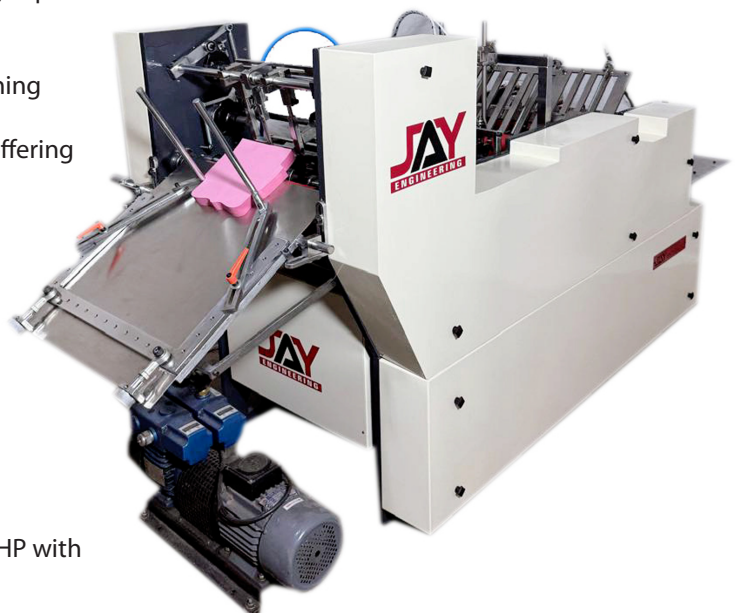

- Automated feeding system with suction, allowing for continuous production and easy replenishment of blank stacks
- Quick and easy width adjustment for envelopes or flat bags, even during operation
- Rotary glue application unit ensures uniform glue distribution and effortless cleaning
- Integrated counting and batching unit for finished envelopes and flat bags.
- Increased productivity with continuous production and easy replenishment
- Improved flexibility with quick width adjustments
- Enhanced quality with uniform glue application
- Streamlined operations with automated counting and batching

This machine is designed to optimize envelope production, offering a perfect blend of efficiency, flexibility, and quality.

Model: XL 7 Codek

TECHNICAL SPECIFICATIONS:

Maximum Speed:	12000 PCS/Hour
Minimum Size :	4" x 4" (Inches)
Maximum Size :	10" x 10" (Inches)
Minimum & Maximum:	60 & 350 GSM
Machine Weight:	1000kg (Without Wooden Box)
Machine size:	1981x1219x1524MM (LxWxH)
Electrical:	2 HP Machine Motor & AC Drive 2 HP with
Vacuum Pump:	3 Phase 2 HP
Delivery:	35 days after order confirmation

Carton Window Pasting Machine

Carton Feeder: Vacuum suction-controlled, ensuring intermittent paper pile movement for efficient carton feeding. Durable belts provide steady and orderly conveying. **Carton Conveying:** Four conveying chains with adjustable pushing blocks accommodate various carton shapes. **Gluing System:** Adjustable gluing structure allows for easy modification according to carton requirements and gluing positions, minimizing glue usage. Gluing parts are easily removable for convenient washing. **Cutting System:** Dual-blade upper roller cuts film accurately. Optional V-notch (angular cutting) and scoring units available upon request. Usually use for Carton packaging, E-fruit packaging (electronic fruit packaging), Corrugation packaging. This machine is designed for precision, efficiency, and adaptability in carton window patching applications.

This versatile machine is suitable for various industries, including:

- Efficient carton feeding and conveying • Adjustable gluing and conveying systems for versatility
- Precise cutting and optional scoring capabilities • Easy maintenance and cleaning

Model: EXCEL 10-CT

TECHNICAL SPECIFICATIONS:

Available in 3 different Sheet Size:

36/21 inches | 21/24 inches | 30/40 inches

MAX. SHEET SIZE: 36/21 inches (SINGLE UP)

MIN. SHEET SIZE: 4 /6 inches

MAX. WINDOW SIZE: 12 /13 inches

MIN. WINDOW SIZE: 2/2 inches

PAPER THICKNESS: 150 to 550GSM

FILM THICKNESS: 15 to 250 micron
(BOPP, Polyester, PVC, LD)

SPEED: 9000 Per/Hour

MACHINE DIMENSION: H 5ft x W 4ft x L 6ft

MACHINE WEIGHT: 1000Kg

POWER: 2HP A.C Motor with
pump single phase & 3 phase

Strip Gumming Machine

- Automatic Poster Strip Gumming: Suitable for A4 or A3 size posters.
- Envelope Strip Gumming: Designed for ready envelopes.
- Gumming Process: Utilizes silicon paper or release paper for efficient gumming.
- Automatic Feeding and Cutting: Ensures seamless processing of posters and envelopes.

- **Increased Efficiency:** Automatic feeding and cutting streamline production
- **Consistent Quality:** Precise gumming ensures uniform application
- **Flexibility:** Accommodates various poster & envelope sizes.

Ideal Applications for Poster printing and packaging, Envelope manufacturing and Printing and packaging industries.

Model: EXCEL 10-SP

TECHNICAL SPECIFICATIONS:

Strip gumming width: 1" / 2" / 3"

Strip gumming length: 13"

Blank Size Minimum: 4" x 4"

Blank Size Maximum: 20" x 24"

Machine Speed: 12000 per hour
